

1st Vice District Governor Elect

William "Bill" Ridle

Building for the Future

As we start the new year, we remember a great lion and friend. A celebration of life was held for Walter Griffin at the VFW Hall in Antioch. Over 300 hundred friends and family attended.

We are looking forward to a great year under the leadership of District Governor Duke. The first Cabinet Meeting will be held on August 24th at Rossmoor.

Along with supporting District Governor Duke my focus this year will be to enhance the partnership between veterans and lions clubs. Veterans and their families are battling the same issues that we as lions support; i.e. diabetes, vision, hearing and homelessness.

STAND DOWN ON THE DELTA Homeless veterans and at risk veterans

The Stand Down on the Delta will be held at the Contra Costa County Fairgrounds in Antioch, CA on September 20th through September 23rd.

During this period of time veterans will have access to vision screening, dental work, DMV services, legal work, food, clothing, shelter, haircuts, health screenings, showers and activities (like fishing) from September 20th – September 23rd. Over 300 homeless veterans and families will be in attendance with a large number of volunteers to assist.

To sign up to volunteer, go to the website below and pick the date time and where you would like to volunteer. <https://deltaveteransgroup.org/stand-down-on-the-delta>

Setup September 17, 18 and 19

Stand Down Event September 20, 21, 22 and 23

Take Down September 23, 24 and 25

District 4-C3 Lions are providing vision screenings and Sunday morning Breakfast, in addition to numerous other activities. Any questions contact me at 510-375-7054 or email me at lionswork@yahoo.com

Team Work, Team Decisions & Working Togetherness

Varghese, 2nd VDG

"Alone we can do so little, but together we can achieve so much" - Helen Keller

Great words said by a great lady, who achieved so much in life; she was the first deaf-blind person to earn a Bachelor of Arts degree through sheer determination, and was a renowned American author, political activist and lecturer. She did all this not only because she had a 'never say die' spirit in life, but also because she had a great teacher and companion, who believed in her and stood by her, Anne Sullivan. There are many more personalities and instances in life, that teaches us the value of togetherness and teamwork.

Take any sport, from baseball, to rugby, to cricket, basketball or football; if each of the individuals on the field thought only about themselves and their achievements, these sports would not perhaps have been the great motivational factors that they are today. We do acknowledge that sport unites like no other across the world. People follow a certain sports personality, across the world, irrespective of their region, religion, caste, nationality, creed, etc. And for all these people who love a sportsman, a team, etc. their love of sport is the only criteria that matters and keeps them united. And all this happens because of the wonderful teamwork that you see on the field, when these teams step out to play. Alone, each of them may not achieve so much, as much as they do, because of being part of a team that supports each other selflessly.

What unites teams, whether in sport, corporate organizations, or other fields, is the belief in a common goal. Each and every team member needs to understand and be invested in a common team objective. They need to agree and be invested in putting their energies towards making it a success and achieve those goals. And this belief is what sometimes gives teams success much beyond their imagination, because they may have underestimated the power of togetherness!

At Lions Club, we have a rich history of togetherness, and team work that is driven by the principles that were the foundation of this great organization - service to humanity. All our thoughts and actions are driven by this one goal, of selfless service to humanity, and a drive to make things possible. Collectively, we believe that we can make a difference to many lives, the underprivileged ones, ones that are in suffering due to any natural calamities, or other such issues. So, we Lions are not strangers to this concept of teamwork and togetherness. Together, we have achieved so much so far, and we know the kind of satisfaction that it gives us. We are collectively invested in achieving more on this path of service to humanity, and have a common goal, that keeps us going.

Being together, has its advantages; sometimes, many brains coming out with suggestions can help solve problems faster, as everyone has different approaches to problem-solving. Thus, a brainstorming session can help discuss many solutions and arrive at an optimal one that can be beneficial and in agreement to all. Sometimes, it is better to make team decisions, rather than individual decisions. This makes each member of the team feel as if they are important and wanted. They feel that their opinion counts and will be motivated to contribute more, and to take a problem-solving approach to issues at hand, rather than crib about it and pass them on to others and find excuses for not doing things.

It doesn't matter for club leadership, district leadership or above, teamwork and a belief in it, can always be a highly beneficial attitude to have for all teams. The advantages are so many, and always in your favour. Even one team member who is not willing to have a buy-in to the team goal, can cause issues, resulting in great damage. When problems are discussed with team members, and each member is heard, it creates an atmosphere of trust and great relationships are built on this foundation. This is what has resulted in great teams, and great successes. It always is, was and will be about teamwork, for us Lions, for that has been our foundation, and we will always pursue our goal with a single-minded focus, despite the fact we are so many of us and from diverse backgrounds; we are one.

Maureen Powers

President, Lions Vision Resource Center

News from Lions Vision Resource Center (formerly Lions Center for the Blind, Oakland)
Yes, we are still in existence! We just changed our name to reflect our revised mission as an all-volunteer organization, using our resources to continue to help blind and visually impaired persons in Alameda and Contra Costa Counties.

This year, we awarded signature quality-of-life grants to 4 individuals to help them achieve more independence, improve ability to communicate and to travel, and to do their work more efficiently. To do this best, we hired an outside consultant (who is himself blind and is a locally know expert in assistive devices) to work with the grantees, not only to help determine exactly what equipment they need, but then to help them learn to use it once received. One grant went to the Vista Center (located outside Alameda and Contra Costa Counties), to help pay for services they provide to persons in our District (for which they receive no reimbursement). The final award was to a highly innovative research project that is developing new ways of helping those with macular degeneration.

We are developing a new website, which will be completely accessible to blind and visually impaired, and we have a new logo:

Our website will incorporate our directory of services around the District that are welcoming to blind and visually impaired persons, and it will full automate the grant application process. Stay tuned!

Finally, remember that you can come to us for your White Cane Day supplies, which we offer to any Club for free. Also, all are welcome to attend our meetings: 2nd Monday (usually) starting at 5:30 pm. Contact Lion Dr. Maureen "Mo" Powers at mopowers@yahoo.com for updated info each month. .

Hope to see you there!

The Lions of District 4-C3 are partnering with the University of Berkeley Athletic Department and California Golden Bears Football. We are having the

"2nd ANNUAL LIONS DAY AT CAL"

Cal Bears vs UC Davis

Saturday, 31 August 2019
12:30 pm to 2:30 pm—Tailgate
3:30 PM—Kickoff
\$36.00

(Includes Football Ticket, Bento Box (Chicken or Salmon), Beer, Wine, Soda and Water)

The tailgate will be held on the top deck of the parking structure located at Euclid and Hearst. There is a shuttle from Berkeley Downtown BART to the stadium. JOURNEY OF PEACE

For the past few years, I have been District 4-C3 Peace Poster Chairperson. I must say, each year I am more impressed by the number of great young artists we have in our district. District 4-C3 received an Honorable Mention Award at the Multiple District level.

Let's make our District Governor Duke Dunham proud this year by every club in our district participating in the Peace Poster contest.

It is one of the easiest projects your club can participate in and unfortunately, only a few clubs take part. One thing I keep hearing is "the teachers cannot afford the supplies." A solution would be for your club to offer to purchase the needed supplies at Michaels, Staples, Office Max/Depot or Blick Art Supply. All of these stores carry everything that is needed.

One club makes it a project to involve each school in their town. The winning school's class getting a "prize". There are many ways to make this a fun, inexpensive project for your club and our youth. So, I am asking you to PLEASE approach your schools—TODAY!

Do not forget, that for visually impaired there is the essay contest with the same theme: "Journey of Peace". The essay cannot be more than 500 words and never published. All of the rules are online at Lions Clubs International.

Deadline to order packet(s): 1 October 2019

Deadline to send your club winner for District judging is:

Dawn Breakers Lions Club

Free Vision Screening at Fremont Friday Night Eats held July 21st

We provide a free eye screening with use of SPOT camera. This camera uses infrared from 3 feet way to look into your eyes and gives us a general bill of health of looks good or requires follow up with an eye doctor. It takes less than 30 seconds and no drops necessary. Works best for young kids who may not know they have a vision problem.

Coming up at the end of the month is the annual Niles Antique Fair. This year it will be on Sunday the 25th. It is a long but fun fundraiser with a lot of us gathering at 2 a.m. to set up in order to serve the vendors by 4:30 a.m. The lines are pretty steady after that because of the locally famous Bob Christie's talents on the pancake grill. There are actually two competing lines, one for the pancakes and one for the autograph of the above mentioned grill master. The autograph seekers especially covet the accompanying oil stains on the napkin that serves as the paper for his signature.

Our Lions also put in long hours at the Art & Wine festival on August 3rd and 4th this month. They were dispensing information and directions to the restrooms all while wearing their Lions vests. A great way to show ourselves to the crowds. Thanks very much to the participants. We have recently begun a service event on the 1st Saturday of every month at the Viola Blythe center in Newark. We typically start at 9 a.m. and work for a couple of hours organizing and stocking shelves their warehouse.

The next event will be Saturday September 7th. - Viola Blythe Community Center Project

Please come out and join us. Looking forward to seeing you at the meetings and events. Please attend the meetings to share ideas on projects and to learn about all the current events that we have scheduled.

• **Diablo Valley Lions**

DVLC Lions work at the LIS Warehouse, Lions Closet, White Pony Express, Police Dept., CERT, Their churches.

Lion John Bates volunteers at the Lions closet weekly, , delivers clothing donations for the Lions closet, collects glasses to give to Lions in sight warehouse in Vallejo, he also does a full sort before he brings them there and puts aside the cases to donate to White Pony Express and brings fresh produce from his garden to White Pony Express food recue program
